CHAIRPERSON'S REPORT MAY 2009

Welcome to the Annual General Meeting of the Irene Association. We have had another eventful year and extensive maintenance has been done to the Hall.

We purchased a new fridge/freezer and a lawnmower. New curtains have also been installed in the side hall. General painting of the hall has been done. The wooden floor in the hall was sanded and re-sealed. A trench was dug in front of the library to prevent flooding of the library. An extra gardener / handyman was employed to assist with tasks that George our elderly gardener is unable to do.

We are now in the process of repairing leaks to the roof and are also upgrading both toilet areas. As always this on-going maintenance costs money and we appeal to you the residents of Irene to pay the R150 subscription.

A very big thank you to Irene Township's (van der Byl family) for their generous donations to the Irene Association. These donations are being used for the upgrading of the toilet areas.

Thank you to all our long term hirer's we really appreciate your ongoing support.

For any information regarding the hire of the hall please visit our website www.irenevillagehall.co.za

Our hall manager Nigel Paulet resigned at the end of February and we thank him for his dedication towards the Irene Association. Tonight we will be awarding him honorary life membership of the hall and his name has been inscribed on our Honours Board.

Barbara Tanton is at present the hall manager.

As always a big thank you to the "Carry On Team" Lynnne Judge, Roy Field, Margie Buchan, Maura Gemeliaris, and Kathryn Siller.

Thank you

Barbara Tanton
